Visite du pavillon du Mali à l'Exposition universelle d'Osaka-Kansai par l'ambassadeur

Le 29 mai, l'ambassadeur Murata a visité le pavillon du Mali à l'Exposition universelle d'Osaka-Kansai. De nombreux visiteurs regardaient attentivement les panneaux d'introduction sur le Mali. Des lycéens s'essayaient également au djembé malien.

COTTON, TEXTILES AND CLOTHING SECTOR
This year, ambitions are rising at CMDT with a strong focus on quality and excellence.
"We encourage all stakeholders in our sector to remain fully committed to this approach, as quality lies at the heart of our mission."
With our management system now certified ISO 9001 version 2015, we reaffirm our commitment to meeting the needs and expectations of all stakeholders by complying with applicable requirements to ensure an exceptional product.
In addition, we are proud to produce a significant quantity of cotton that meets the Better Cotton criteria, thereby contributing to sustainable and responsible agriculture.
Together, let's make CMDT a model of quality and excellence in our sector!
For the 2024–2025 season, expected seed cotton production is approximately 650,000 tons.
